COMMUNITY REMINDERS

Snow removal is triggered when 2 inches of snow has accumulated generally throughout BVMD, with at least 50% of the property reaching the 2-inch threshold. Wind drifts alone do not trigger service.

If the trigger is not met, Cityscape homeowners are responsible for their snow removal.

Landmark homeowners are always responsible for their own snow removal; however, when community snow removal is triggered, the contractor will clear sidewalks in front of Landmark homes.

When triggered, snow removal will be completed within 24 hours after snowfall ends. This policy helps ensure District funds are used responsibly, as snow removal can be costly and additional passes increase expenses. Crews will determine starting locations based on safety and efficiency.

Q & A FROM NEIGHBORS

Q: When will the lighting near the Bellevue Village sign be installed?

A: Installation is scheduled for the end of this week, or early next week at the latest. Just in time for the shorter days and earlier sunsets!

Q: When will the irrigation be shut off for the season?

A: Irrigation is scheduled to be shut off on October 1st. This date for shutoff is required by the City of Denver due to current drought conditions.

Halloween falls on a Saturday this year and trick or treaters will be out!

A few tips:

In Littleton, trick or treaters typically arrive between 5:30p-8p.

Give out pre-wrapped candy

Leave your porch light on for a well lit path to your front door
